

Fabricated Square Edge Stair Nose and Treads

Stairs deserve the same attention to detail and design as your wood flooring. Poor tread construction and color match can cheapen the look of your high end floors. Our fabricated nosing and treads are made with the exact same material as your floor and guarantees the best match possible. The square edge detail on our treads is consistent with current design trends.

MOCCASIN OAK—ORLEANS COLLECTION

NOTE: There may be a seam present on the Fabricated Stair Nose.

Artistry XL Planks

Artistry Hardwood offers the longest average length plank in the industry. In each carton of Artistry Hardwood flooring, at least 50% of the square footage will be represented as full-length planks. Most products in the industry will use the language “up to” but never specify how many long planks are provided in each carton. Longer planks provide greater visual continuity to your space and show the true unique beauty of mother nature.

LENGTH DESCRIPTION (23" - 71")  
The diagram represents potential variations in color, grain and character of one full carton of material.

The Norwood Collection is a combination of fashion, performance and value. Authentic French White Oak featured with a hearty SawnPly+™ wear layer and the revolutionary DuraArt+™ Performance UV Matte Urethane finish.

DuraArt+™ UV Matte Urethane

The Norwood Collection represents the greatest advancement in urethane type finishes. A traditional polyurethane finish consumes wood grain, building up a shiny plastic layer on the surface of the floor. The Norwood Collection's revolutionary DuraArt+™ Performance UV Matte Urethane livens the grain and delivers the ultra-matte silky natural look of an oiled floor, with the enhanced durability and wear resistance of a multi-layer UV finish.
